

L'Envers du miroir

Dark Sanctuary

[Music by Hylgaryss, Lyrics by Sombre Cr]Face ce grand Miroir

Le corps sans vie

Flottait calmement...Sa silhouette tournoyante

Eclaire par quelques bougies

Dposes ici comme pour accueillir la Mort

Reflétait la peur...Seules la poussière et la cendre

Semblaient tre vivantes...

Caresses par un lger vent

Elles dansaient autour de la Mort...Les Yeux du corps brillaient

Des larmes coulaient lentement

De cet abme de chair et de sang

Refus par un esprit diffrent

De celui des autres hommes...La vie sur cette terre

Etait un tourment d'agonies...

L'esprit diffrent choisit alors

Un autre monde,

Que celui des hommes

Une autre voie,

Que celle de la foi...Ce gestalt de peur

Et de Chagrin

Etait la preuve

Que la vie venait

Une nouvelle fois

D'tre dfie...L'envers du miroir sera

Peut-tre une dlivrance

Ou bien ne sera que Malveillance...[Translation][The Reverse Side of the Mirror...][Music by Hylgaryss, Lyrics

by Sombre Cr]In front of this large mirror,

The lifeless body

Was calmly floating...Its whirling silhouette,

Enlightened by some candles

Put there as to welcome death

Was reflecting fear...The eyes of the body were sparkling

Tears were slowly dropping

From this abyss of flesh and blood

That had been refused by a mind

Differing from that of other men...Life on this earth

Was a torment of agonies...

The different mind then chose

Another world

Than that of men,
Another path
Than that of Faith...
This gestalt of fear
And sorrow
Proved that life had been
Once more defied...The reverse side of the mirror
May be a release,
Or will just be malevolence...[Translated from french by Aries]
