Tripping

I walk to where he's sitting

It's all salty salty

He knows It's good, it's real, it's pretty

It's all salty Timmy

It's all salty Timmy

It's all salty Timmy

He said Doe Doe Doe

Dared leave

We've burned the field completely

Ahhh... last light

I feel it's real, it's pretty

It's all salty Timmy

It's all salty Timmy

It's all salty Timmy

He said Doe Doe Doe
