

Broken Hearted

Eighteen Visions

I need a beginning again
I want to feel how I used to feel
When everything was in the palm of my hand
And you were here with me, oh You know I just don't get it
You know I really don't get it at all
That you would leave so sudden
Well, did you know you would leave me all alone? I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted
I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted Somedays I wonder where I would be?
'Cause I don't think it was wasted time
I always thought you'd be waiting for me
And now I'm facing the world alone You know I just don't get it
You know I really don't get it at all
That you would leave so sudden
Well, did you know you would leave me all alone? I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted
I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted
I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted I wonder what you are doing today?
I wonder if you could ever, ever change?
I wonder if you still think of me the way that I was?
The way that it used to be I need a beginning again
I need a beginning again
I need a beginning again I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted
I think we're falling apart, I don't know where I should start?
You left me here to be broken hearted You left me here to be broken hearted
You left me here to be broken hearted
