

Come Out, Come Out

I Was Totally Destroying It

To be a wreck and wrecked upon
I want to get out
I want to be young
And be a ship without the anchor

I want to be young
To be green under the wood
Oh, swing, swing away
Little gull over the ocean

Come out, come out

I want to be young
And I will scream at the top of my lungs
To go out, to wake up
And to break this fucking cycle

Come out, come out

When I was young somebody cut me from the girl

I want to be young
To be a wreck and wrecked upon
Shallow days are growing long
In this empty little harbor

Come out, come out
