

Say a Prayer for Me

Rufus

Say a prayer for me
Let my body sleep tonight
You were there for me, girl
Standing by my side Turn the page for me
See you on the other side
Know that there's a place for me, girl
Alright Say a prayer for me
Would you do it?
I could use it
Say goodbye for me
I'm moving
Alright Say a prayer for me
Would you do it?
I could use it
Say goodbye for me
It's time
Alright Say a prayer or me
Give me love and peace of mind
Leave me gracefully, girl
I'll pay my debts tonight
Time has come for you
To place your hand in mine
Know that there's a place for me, girl
Alright I'll take you further
I'll take you further down tonight
I'll take you further, further (3x) Say a prayer for me
Would you do it?
I could use it
Say goodbye for me
I'm moving
Alright Say a prayer for me
Would you do it?
I could use it
Say goodbye for me
It's time
Alright
