

# Most Of All

[Aselin Debison](#)

I love the sound of the rain  
Fallin' down on the roof  
In the month of May, I love to feel the sun  
After the rain on my face But most of all  
Yeah, most of all  
I love, you, you I love the trees of gold  
Against the blue October sky  
I love to feel the sea runnin' over my feet  
As the waves pass by But most of all  
Yeah, most of all  
I love, you, you
