We Lift You Up

Brian Littrell

When I think of all the things that God has done for me
And how my faith has always conquered adversity
I stand amazed to think that God really knows who I am
And to think that within me there is a master planAnd at night when I pray to the Lord that I know
I thank Him for His precious blood He gave to save my soul
And that's whyWe lift You up
Higher than the heavens
We lift You up
(Because Your love is)
Deeper than the deepest seaWe lift You up
Higher than the mountains
We lift You up
He died for you and meLet me share with you just how I know He's blessed my life
He opened up His precious hands and gave me a wife
And then He touched her deep down in her soul and gave me a son
For it is He that knows no greater love for He is the OneAnd at night when I pray to the Lord that I know
I thank Him for His precious blood He gave to save my soul
And that is whyWe lift You up
Higher than the heavens
We lift You up
Because Your love is
Deeper than the deepest seaWe lift You up
Higher than the mountains
We lift You up
He died for you and meWe lift You up
Higher than the heavens
We lift You up
Because Your love is
Deeper than the deepest seaWe lift You up
Higher than the mountains
We lift You up
He died for you and meWe lift You up
Higher than the heavens
We lift You up
Deeper than the deepest seaWe lift You up
Higher than the mountains, oh
We lift You up
He died for you and meWe lift You up
