

In Conclusion

Warrior Soul

In conclusion say a prayer for us
We must say goodbye if we meet again
Please remember why we say goodnightTake good care now all earth's children
Learn from wisdom's cry
Hear the unspoken see without sight
Learn yourself insideMedia children pacified
Information classified
Governments hide behind religion
Kids like us get thrown in prisonWe come to, we come to
We come to conclusion
We come to conclusionIn conclusion please be wary
Where authority reigns control tightens
As we sleep a false securityAll our leaders answer to silent bosses
Where profit fills their greed
Think before action learn before acceptance
Decide what you should beMedia children pacified crosses stand
Where the dead man died
Governments hide behind religion
Kids like us get thrown in prisonWe come to, we come to
We come to conclusion
We come to conclusion
We come to conclusionSay a prayer for us
That we don't lose our way
While freedom lies there dying
We are there to hold it's handTake all the children holy
To the river of dead
Make them drink it's waters lonely
So they can learn what we hadMedia children pacified
