Outside

Hollywood Undead

(Danny)
Someone left the door open
Who left me outside
I'm bent I'm not broken
Come live in my life
All the words left unspoken
All the pages I write
On my knees and I'm hoping
That someone holds me tonight
Hold me tonight
(Verse: Johnny 3 Tears)
Welcome to the world
And all the land in it was wasted
The blood upon your hands
And the wickedness that made it
Sing or scream it all
And the memories keep fading
See the exit wound
Dear God what have we taken
I guess I'll say a prayer
And I'll kiss into the air
I'll look into the sky
Send them straight to nowhere
We all dug the grave
Can't shake away the shame
Quiver in the sky
But your shaking all the same
You left us with the guns
And all of them unloaded
Teach us how to shoot
But you taught us how to hold them
All the weight of all the world
Is right between your shoulders
Heavy is the heart
When the world keeps growing colder
(Chorus: Danny)
Who left the door open
Who left me outside
I'm on my knees and I'm hoping

Cause someone holds me tonight
Hold me tonight

(Verse: Johnny 3 Tears)
Two sides to every story
Here's a little morning glory
Breakfast of a mirror
Dying slow seems a little boring
Burning like a flag
Walking straight into the breeze
Cause there's two types of people
You are weak or you are me
Yeah
What's another life time
Like mine
We all die a little sometimes
It's alright
Did you come to say your goodbyes
To this life
We all hurt a little sometimes
We're alright
So mothers hold your children
Don't you ever let them go
There is weakness in your grip
And they are holding all the hope
Don't you ever let me go
Don't you ever let me go
Don't you ever let me go
Don't you ever let me go
(Chorus: Danny)
Who left the door open
Who left me outside
I'm on my knees and I'm hoping
Cause someone holds me tonight
Hold me tonight
(Verse: Danny)
Someone left the door open
Who left me outside
I'm bent I'm not broken
Come live in my life
All the words left unspoken
All the pages I write
On my knees and I'm hoping
That someone holds me tonight
Hold me tonight
