

She's Not the One

Jack Bruce & Robin Trower

If you're still awake at midnight
Waiting for her key in the door
Making like you're still asleep now
Same as the night before
She's not the one
If you check out every letter
Before it hits the welcome mat
Aint nothing gonna make things better except if you realize the fack
She's not the one
She's sending out all the sights (while)
Pretending to stay in line
She's not the one
When was the very last time
She slept in your embrace
When did that special look
Light up her pretty face
She's not the one
Toy knew
In the black of your mind
She's been on the runaround
Became like a habit with her
Just a sometime love run aground
She's not the one
