

Political Science

Randy Newman

No one likes us
I don't know why
We may not be perfect
But heaven knows we try
But all around
Even our old friends put us down
Let's drop the big one
And see what happens We give them money
But are they grateful
No, they're spiteful
And they're hateful
They don't respect us
So let's surprise them
We'll drop the big one
And pulverize them Asia's crowded
And Europe's too old
Africa's far too hot
And Canada's too cold
And South America stole our name
Let's drop the big one
There'll be no one left to blame us We'll save Australia
Don't want to hurt no kangaroo
We'll build an all American amusement park there
They've got surfing, too
