

When a Man Can't Get a Woman Off His Mind

[Craig Morgan](#)

I've been fightin' with these sheets again, can't make myself lie still
My pillowcase is soakin' wet and yet I feel a chill
It takes all I can do these days to just survive the nights
It gets crazy when a man can't get a woman off his mind
When a man can't shake a memory he runs hot and
cold and blind
He hates her, then he loves her, then he hates her one more time
Your love has such a grip on me it chokes me like a vine
Oh, it's crazy when a man can't get a woman off his mind
I've been phonin' you since eight O'clock, it's almost
4 a.m.
My mind keeps paintin' pictures of you out lovin' him
I just crushed a dixie cup for runnin' out of wine
It gets crazy when a man can't get a woman off his mind
When a man can't shake a memory he runs hot and
cold and blind
He hates her, then he loves her, then he hates her one more time
Your love has such a grip on me it chokes me like a vine
Oh, it's crazy when a man can't get a woman off his mind
Yeah, it drives him crazy when a man can't get a woman off his mind
