

A Bird In Hand

Owen

Advisory - the following lyrics contain explicit language:

You know what you are to me
Don't make me say it over and over again
It's way too late or much too early
You know how I getWhen I'm left alone to my vices
Like the grown ups did when I was a kid
That's it, I'm a bird in your hand
So take me as I amYou know what you are to me
Don't make me say it over and over again
You're left here a part of me
It stays late to clean up the messWhen I'm sick of all my choices
Like the grown ups I grew up with
Angels and addictsWhen I put my arms around you, I mean it
When I'm too drunk to stay up with you, I mean it
When I slam doors when I'm pissed at you, I mean it
When I put on a suit and say, I do I meanYou know what you are to me
Don't make me say it over and over again
Over and over again
Over and over again
Over and over again
