

Love Song

Hanson

The wind it blows
through the tree
claiming those innocent leaves
and the thunder rolls
these crashing seas
like a tender kiss
holds its heart in me
CHORUS:
In this life long
love song
You can love right
You can love wrong
In this love song
You can love long
But if you love wrong
it doesn't mean love's gone. Mary was a young girl(echo)
With a young girl's heart
all i can remember
was I loved her from the start
Well I was hers forever
she was mine, too
but something's wrong
Cause now she's gone
Tell me what did I do?
Woah-ooh-oh
CHORUS
