CASH - Myah

looking down from my pedestal (oh)
crown me the king of shooting low (o-oh)
All you see isn't what you know, Let 'em stop and go
Got my money that I'm free to blow

Looking up from my balcony (aye) , castle walls are surrounding me.
I'm free
reminded that i'm royalty, but i cannot breathe.
Money trees is all you see.

cause what you see isn't all i am, what you hear you cant understand.
Perception is just paper thin , look past the surface you'll see within.

I'm more than
Money , my money set me free.
Money , i love me papertrees.

Money can keep you quiet. (yeah)
Money can take a life. (yeah)

Wallet as thick as the tension here.
Rubberbands hold me tighter than you my dear (oh baby)
Money , my money keeps me clear.
Just another year, being broke and alone isn't all I fear.

Got a mom and a dad , but this ain't no home (no)
What's a mom and a dad when you're all alone? (oh please)

( )
please put down your phone
Got a smile of glass and a heart of stone.

cause what you see isn't all i am, what you hear you cant understand.
Perception is just paper thin , look past the surface you'll see within.

I'm more than

Money , my money set me free.
Money , i love me papertrees.

Money can keep you quiet. (yeah)
Money can take a life. (yeah)x2

Money , my money set me.
Money , i love me paper.

Money can keep you.
Money can take a life.
