Niwhai

Finn Brothers

Niwhai, she's so fly
Making it happen
Niwhai, be my witness
Five satellites in just one nightNiwhai, pacific sister
Her father's son
She was something precious
And we all love what she's becomeStrange attractor
Something wicked
Paint her golden Buddha
You're a blinding flash across the skyNiwhai, sequined slipper
Fly by radiating light
Grant her secret wishes
Five satellites in just one nightNiwhai, she's so fly
Making it happen
Grant her secret wishes
Five satellites in just one night
