

# Niwhai

## Finn Brothers

Niwhai, she's so fly  
Making it happen  
Niwhai, be my witness  
Five satellites in just one nightNiwhai, pacific sister  
Her father's son  
She was something precious  
And we all love what she's becomeStrange attractor  
Something wicked  
Paint her golden Buddha  
You're a blinding flash across the skyNiwhai, sequined slipper  
Fly by radiating light  
Grant her secret wishes  
Five satellites in just one nightNiwhai, she's so fly  
Making it happen  
Grant her secret wishes  
Five satellites in just one night
