## Primal Scream

I'm gonna tell you the truth, truth about you  
Truth about you, you never been true  
You ain't nothin', you got nothin' to say  
Shine a light on you, you fade away, fade away I'm gonna tell you the truth, truth about you  
Truth about you, you never been true  
You ain't nothin', you got nothin' to say  
Shine a light on you, you fade away, fade away I'm gonna tell you the truth, truth about you  
(Woke up, still drunk)  
(Throwin' up, pissin' blood)  
Truth about you, you never been true You ain't nothin', you got nothing to say  
(Sick guts, sore skin)  
Shine a light on you  
(Burned out, hold in)  
You fade away, fade away I'm gonna tell you the truth, truth about you  
(Can't move, I can't speak)  
(Cracked head, can't sleep)  
Truth about you, you never been true You ain't nothin', you got nothing to say  
(Ripped up, ripped off)  
Shine a light on you  
(Can't crawl, can't walk)  
You fade away, fade away I'm gonna tell you the truth, truth about you  
(Jet plane, blast off)  
(Jet planes, dive bombs)  
Truth about you, you never been true You ain't nothin', you got nothing to say  
(Bad seed, golden spleen)  
Shine a light on you  
(Bad blood, dead dreams)  
You fade away, fade away I'm gonna tell you the truth, truth about you  
(Sick blood, holed skin)  
The truth about you, you never been true  
(Cracked guts, sore speak) You ain't nothin', you got nothing to say  
(Burned head, sore speak)  
Shine a light on you  
(Can't walk, can't see)  
You fade away, fade away Burned out, holed in, sick guts, sore skin  
Throwin' up, pissin' blood, woke up, still drunk  
Ripped up, ripped off, can't crawl, can't walk  
Jet plane, blasts off, jet plane, dive bombs So, you're out to get me, you'll never catch me  
(Bad seed, golden spleen)

(Bad blood, dead dreams)
