All Over

Nitzer Ebb

You've gone all over, big time to save her
You've gone all over, love-life forsaker
You've gone all over, never get it together
You've gone all over, you're uptightThe only way you think you can break it
Even when you loosen up, uptight
Too much for comfort, too close for comfort
Out of your hands into nowhere land
Picking up fame with your one-night standWhere is it? Where is it?You've gone all over, big time to save her
You've gone all over, love-life forsaker
You've gone all over, never get it together
You've gone all over, you're uptightSee real muscles flex, your spine break it
Cutting up into your mind uptight
Too much for nothing, too close for something
Taking the light out to where you stand
Picking on love like it's out of your handsWhere is it? Where is it?You've gone all over
You've gone all over, you're uptightRelying on someone but you break it
Listen in on how you feel uptight
Too much to think of, too close to think of
Lying in bed with the lies you keep
Handing out sex like it's some kind of loveYou've gone all over
You've gone all over, you're uptightYou've gone all over, big time to save her
You've gone all over, love-life forsaker
You've gone all over, never get it together
You've gone all over, you're uptight
