

Our Song Comes On

Kristina Maria

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds of you and how your gone
Happens everytime
Everytime our song comes on

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on

We used to dance so close
We used to dance so slow
We used to kiss, kiss for hours
And listen to the radio

We used to speak in tongues
A language we only knew
I lost the heart, Heart of myself
Baby, when I lost you

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on

We used to park your car
On the dark side of town

In a world, a world of our own
So deep in the love we found

Why'd I hurt you so bad?
Why do I do what I do?
Give anything to take it all back
And give it all to you

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on

.....

Mr. DJ show a little mercy
Please don't ever play that song again
Because when you do, it breaks my heart in two
And i remember when
And i rememeber when
Everytime our song comes on.....

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on

Everytime our song comes on
I die a little more
I can't listen to the radio
Because it only reminds me of you and how your gone
Happens everytime
Everytime our song comes on
