

Hollow Man

The Workin' Stiffs

It's so nice to get away, get away for a day
I see a hollow man, gun in hand, gun in hand, it points my way
You know, he follows me everywhere and everyday, I gotta get away
I won't miss him if he goes away and stays away, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

It's so nice to get away, get away for a day
I see a hollow man, gun in hand, gun in hand, it points my way, oh
You know, he follows me everywhere and everyday, I gotta get away
I won't miss him if he goes away and stays away

Oh yeah, yeah, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah, yeah

Yeah, yeah

Yeah, yeah, yeah
