

Moving On

Born Cages

My friends don't know me anymore
And I don't know my friends anymore
Our lungs were filled with shattered gold, but we never cared
Because we thought romance was long gone, long gone
A hopeful man, he dreams a lot
But he's either deathless or forgot
We try to fly and learn to crawl
Because we couldn't find nothing at all, nothing at all
You wanted something, you got my all
You wanted love, and you got my heart
You said you changed your mind and you couldn't stop it
But I tried everything, oh I tried everything
So I keep moving on
We live in imaginary fame
Like a drugged up teen without a name
But I can't take it anymore
No I can't help it anymore just take my soul
You wanted something, you got my all
You wanted love, and you got my heart
You said you changed your mind and you couldn't stop it
But I tried everything, oh I tried everything
You wanted something, you got my all
You wanted love, and you got my heart
You said you changed your mind and you couldn't stop it
But I tried everything, oh I tried everything
So I keep moving on
Yeah I keep moving on
Yeah I keep moving on
Darling, I keep moving on
