

Girls Love Beyonce (Matt DiMona Remix)

Drake

Look

I know girls love BÃ©yonce

Girls love to fuck with your conscience

Girls hate when niggas go missing and shawty you ain't no different

These days its hard to meet women

Feel like my love life is finished

I've been avoiding commitment

That's why I'm in this position

I'm scared to let somebody in on this

No new friends, no no no

You know how this shit go

You got your fair share of admirers that call your phone

You try to act like its just me, but Im not alone

But if you're alone then, say my name, say my nameSay my name, say my name

When no one is around you

Say, Baby, I love you

If you ain't running games

Say my name, say my name

You actin kinda shady, baby

Why the sudden change?

Say my name

Say my name

Say my name

Say my name, say my name

If no one is around you (2x)Yeah

Uh

Say my name, say my name

Cause those other men are practice

And this ain't no time for actin

And this ain't no time for games

And this ain't no time for uncertainty

And this ain't no time for locking your phone and not coming home

and startin some shit when I'm in the zone

This is why I've been saying

No new friends, no no no

You know how this shit goes

This is not four years ago

Time escapes me

Now forget how it felt when this shit move slow

I come through in whips that make a young boy take the long way home
All my young boys round me saying, Get money and fuck these hoes
Where we learn these values? I do not know what to tell you
I'm just trying to find a reason not to go out every evening
I need someone that'll help me think of someone besides myself
I need someone I leave through the front door with
Cause we don't wanna hide no more and plus your not shy no more
Neither one of us wanna play the side no more
No, I'm not alone
Even though nothing was the same
Let me get your ass alone
Let me make you say my name
Say my nameSay my name, say my name
When no one is around you
Say, Baby, I love you
If you ain't running games
Say my name, say my name
You actin kinda shady, baby
Why the sudden change?
Say my name
Say my name
Say my name
Say my name, say my name
If no one is around you
