## Neurosis

Fighting against the way we've been conditioned
Is the pain of life and mind
The more we see the more we know
The more we can't seem to find...
Ch.
A way of living life free of control
Without reality being sch a fucking hole
Where all we have to do is survive
With no restrictions on our lives
In this situation we're forced to hypocrisy
We're made to set rules for ourselves
Distrust is taught as a way of survival
Ch.
(Follow your heart, trust your head)
We've got to accept that we're all alike
Fascist is anarchist is life, one makes the other
And the other is one
Just reflections of black and white
Ch.
