Hit Me Up Angel

Bei Maejor

Shawty your my angel
Your my darling angel
Your picture upside down just for me baby
Shawty your my angel
Your my darling angel
Show me love hit me up thats all i need baby
If you ain't know Michigan's where i growed up
My mama always told me I would blow up
Now we getting in free when we show up
Everytime we roll up everybody know us
Life is one big party cuz we so young
I get money take trips and its so fun
Now I need me a girl for the long run
Yeah I really want one don't wanna choose the wrong one
Shawty your my angel
Your my darling angel
Your picture upside down just for me baby
Shawty your my angel
Your my darling angel
Show me love hit me up thats all i need baby
Everytime I look up im in a new state
And big rims on my truck feel so great
Some people come and say what up, they so fake
Soon as i get by already know they gon' hate
But its really all good cuz they girl dont
My songs make them feel good when the world don't
I won't stop til im popping on the world tour
And every girl got an upside down photo

Shawty your my angel
Your my darling angel
Your picture upside down just for me baby
Shawty your my angel
Your my darling angel
Show me love hit me up thats all i need baby
Yo what up guess im blowing up what can I say
Its the same Bei Maejor from back in the day
Only difference is my car in immaculate shape
And I got it til my rims quit acting my age

When it comes to doing this i'm the jack of the trades
Make beats write songs get stacks for a phrase
Got a pretty young thing way back in L.A.
Can't wait to touch down lay back and get laid
I'm representing D-town where the niggas don't play
Ride love in the west got a crib in the A
Can't forget the East Coast and they fast pace ways
All my people oversees or where ever you stay
Angel you should get to know me she like how?
Real simple baby girl take this down
Three one three two four two triple seven five
One to be my angel it me up right now
Shawty your my angel
your my darling angel
your picture upside down just for me baby
Shawty your my angel
Your my darling angel
Show me love hit me up thats all i need baby
