

Infatuation

Up Front

Everybody's looking for the right person
Nothing's wrong with that
I have no objection
Only trouble is, love ain't always blind
Love can be easier with the eye, than with the mind
Pretty eyes and pretty smiles, they're so inviting
And the games that people play they're so exciting
Pretty faces come attached to the wrong person
Is it love that turns you on, or infatuation?(Chorus) (2X's)
Ain't no need to be
The victim of obsession
Find real love
Forget infatuation(6 X's)
Doo, doo, doo... Do, do... do, doo(Chorus 1X)(BREAK)What'cha gonna do when the beauty fades?
Are you gonna run? Are you gonna run? Get out of the game?
What'cha gonna do when the thrill is gone?
Counterfeit love, counterfeit love, don't last very long.(Repeat 3x)
Infatuation!
(infatuation)
It's just infatuation!
(infatuation)(BREAK)More easy to say, "Bye! Counterfeit lover"
Better do what must be done... Go find another
Physical attraction can be just a waste of time
Looking for some action can only blow your mind(Chorus 1X)Written by: Winston Negron 1983
