Someone's Gonna Light You Up

The Rasmus

Like a stone I'll go down
I'm too far to be found
Got no place for the storm
All the love that I found
couldn't turn me around
Drift away all alone

Don't say this is the end
I think I'm lost again

Thank you for your patience
the time that you gave me
I think I never knew
you were trying to save me
Free me from the shadow
that lay on my shoulder
Please don't say it's over, it's over, it's over

I confess I was weak
Got my heart full of greed
Wanted more that I need

I'm standing on the edge
Afraid of emptiness
Don't leave me
I'm begging you my friend

Thank you for your patience
the time that you gave me
I think I never knew
you were trying to save me
Free me from the shadow
that lay on my shoulder
Please don't say it's over, it's over, it's over

(instrumental)

Don't say that it's the end
I think I'm lost again
I'm standing on the edge

Don't leave me
I'm begging you my friend
Save me once again
Would you save me once again
Would you save me once again
Would you save me once again
