The Promise

Art Garfunkel

I've been watching you
Holding on for me
But through the waiting and the wonder
Somehow you still believe
If your faith is strong
Someday you will find
It may not be like you expect it
But I will come to you
In a perfect timeChorus:
You may be waiting for the fire
When I'm calling through the rain
You may be listening for the thunder
While I'm whispering your name
You may be searching for a sign
To let you know that it's okay
Hold on
Cause I'm on my wayI came to Abraham
I was the sacrifice
And forty years I walked with Moses
Through the wilderness of life
I came to Bethlehem
I saw them crucify the lamb
And as I rolled away the stone
I heard Him say
That He's coming back againRepeat Chorus
