

# Unto Others ('95 Demo Version)

## At the Gates

You hold high the banner  
Of self-deceit  
Encaged in the dogmas of life  
You join the elite  
My Judas-windows stay shut  
Shut forever more  
My Judas-windows stay shut  
Shut forever more  
You mock the weak  
For not giving you their trust  
In your world of make believe  
Where statues, where statues turn to dust  
My Judas-windows stay shut  
Shut forever more  
My Judas-windows stay shut  
Shut forever more  
You walk, through what is me  
Stare blind cannot see  
Your thoughts flee to a different land  
They are free but you are bound  
Silenced forever  
The walls are closing in  
The keys to our  
Damnation burial, burial within  
My Judas-windows stay shut  
Shut forever more  
My Judas-windows stay shut  
Shut forever more  
Shut forever more
