

# Final warning

## Guillotine Terror

Ooh who keep callin' you  
Boy I ain't scared of you, no no  
You see I got your number  
Tell me who you snuck and gave your number to  
Ooh your trippin' now, girl quit fussin' now, no  
You can't go jumpin' to conclusions  
It's ringin' but that doesn't mean I've been cheating does it  
Not right now  
Not right now I'm busy, call me in the mornin'  
Your telephones awful busy, they keep callin' in the mornin'  
That was your final warning, don't call me in the mornin'  
Who keeps buggin' you, did you get  
Or who's been lovin' you  
Tell me are you, are you that somebody?  
Or is it you've been lovin' on somebody else  
Woo what the hell you talkin' 'bout?  
Could you put that finger down  
I'm always gonna be the same ol G  
Are you leaving or staying with me?  
Now tell me, tell me  
  
Not right now I'm busy, call me in the mornin'  
Your telephones awful busy, they keep callin' in the mornin'  
That was your final warning, don't call me in the mornin'  
So who keep buggin' you tell me  
So who keep buggin' you oh oh oh  
So who keep buggin' you tell me  
So who keep buggin' you oh oh oh  
So who keep buggin' you tell me  
So who keep buggin' you oh oh oh  
So who keep buggin' you tell me  
But who keep buggin' you oh oh oh  
Not right now I'm busy, call me in the mornin'  
Your telephones awful busy, they keep callin' in the mornin'  
That was your final warning, don't call me in the mornin'  
Not right now I'm busy, call me in the mornin'  
Your telephones awful busy, they keep callin' in the mornin'  
That was your final warning, don't call me in the mornin'  
Not right now I'm busy, call me in the mornin'

Your telephones awful busy
