

In Conspiracy With Satan

Bathory

The lies of Christ will lose
the ways of hell I chose
I drink the floating blood
defy the fury of GodI have turned my back on Christ
to hell I have sacrificed
I have made love to the Pagan Queen
the gates of hell I have seenI heard the angels cry
I watched the witches fly
I saw the clouds of death
Slowly blackening the skyI read the book of spell
I chimed death's ancient bell
and when I die I have a place
reserved in hellIn conspiracy with SatanI ride the bloodstained goat
I let the brewage float
I have seen the reaper's face
and walked through eternal hazekissed my master's hand
I have seen the children of the damned
I heard the demons call
and seen a thousand virgins fall
