

# Took My Love (feat. Red Foo, Vein & David Rush)

Pitbull

You took my love, I thought I was the only one  
You took my love, it feels like you did it for fun  
You took my love, but my heart keeps telling me you're the one  
You took my love, took my love  
Da-da-da-da- da- di da-da-da-da-da-da-da-da-da-daLoquita, I don't play, you know what time it is with me  
You want my heart you got to work  
And show me that you'll ride or die for me  
I can see right through your eyes,  
And I know what you trying to do  
You trying to rob, steal, take my love  
But fuck you, take my love? Hahaha  
Not a woman on earth that can do that, say what?  
I don't know where you're from or where you been at  
I'm lettin' you know wassup  
And if you don't then play by the rules  
Or baby you get caught,  
I talk so much, you took my love, fuckYou took my love, I thought I was the only one  
You took my love, it feels like you did it for fun  
You took my love, but my heart keeps telling me you're the one  
You took my love, took my love  
Da-da-da-da- da- di da-da-da-da-da-da-da-da-da-daYo, I'm in the club and the place is popping  
Sip sipping bud and the base is knocking  
Times are great cause I'm with my crew  
But my smile is fake cause I'm missing you  
Baby you know that I done learnt my lesson  
Should I gave you more time, more love and affection  
And when I see you later with that other guy  
Keep telling myself a player ain't supposed to cryYou took my love, I thought I was the only one  
You took my love, it feels like you did it for fun  
You took my love, but my heart keeps telling me you're the one  
You took my love, took my love  
Da-da-da-da- da- di da-da-da-da-da-da-da-da-da-daShe took my love and made me for a sucker  
But it don't even matter cause you know I still love her  
She took my heart and threw it on the ground  
But it don't even matter, cause I still want her around  
She's such a love taker, she's such a love taker  
It's guaranteed that she is a professional heart breaker  
Great love maker all in the sheet, she made my heart skip a beat  
Puffing out, sheets as cold as they come

No max, no knife and no gun, she took my love  
You took my love, I thought I was the only one  
You took my love, it feels like you did it for fun  
You took my love, but my heart keeps telling me you're the one  
You took my love, took my love  
Da-da-da-da- da- di da-da-da-da-da-da-da-da-da-da
