

Whispered Prayers

Karen Peck & New River

Souls in danger
Bodies broken
Trouble here and
Everywhere
Arms that can't reach where they want to
Somehow make it
Through whispered prayers

Chorus:
Whispered prayer
Ride the wings of
Holy angels from here to there
God is listening
When we speak them
There is power in whispered prayers

Dark in midnight o'er the valley
Doesn't seem that
life is fair
What we need is
Our God's presence
Is it ours now through whispered prayers

Repeat Chorus

God is listening when we speak them
There is power in whispered prayers
