

Swept Away

Aarsen

The evil fell from your pretty mouth, wrapped in your classic voice
 Angelic in your syntax, demonic in your motive
 Your pretty eyes don't know that
 The water flowing from this well isn't fresh
 Demolish all that sets you up against your rising up
 Confessing all that's broken and watch the healing come
 Spread out your open hands, admit you've held them shut
 Turn all the way around, be swept away by this
 Time for surrender
 Spread out your open hands and he will raise you up
 Confessing all that's broken and watch the healing come
 Spread out your open hands, admit you've held them shut
 Be swept away by this
Your clothes are smooth and spotless, the air is putrid sewage down
 Wind of your pressed church clothes
Your eyes are black and empty, your deeds are just for showing
 How big and bright your fake smile glows
 I see you moving and their getting scared
 Their eyes are focusing on something else
 Your staring at me and I stare at you
 I rage against everything that you do
 See them surrender
 Spread out your open hands and he will raise you up
 Confessing all that's broken, look at the healing come
 Spread out your open hands, admit you've held them shut
 Be swept away by this
 I see you moving and they're getting scared
 Their eyes are focusing on something else
 You're staring at me and I stare at you
 I rage against everything that you do
 So get this hell out, get this hell out of my way
 There's nothing more that you can say
 So get this hell out, get this hell out of my way
 Get this hell out, get this hell out of my way
 We spread our open hands and he is rising up
 Repairing all that's broken, look at the healing come
 We spread our open hands, forgiveness holds them up
 We're swept away by this
