

# Captain Bleeding Heart

## Captain Tractor

Poor old Captain Bleeding Heart is down in the dumps today  
He doesn't know why and she doesn't say why  
He just hopes that she will wait  
So poor old Captain Bleeding Heart had another bout today  
He tries and he lies and he doesn't know why  
His ego gets in the way  
So poor old Captain Bleeding Heart stumbles around his day  
He lets out a sigh, puts his hand to his eye  
can't think while he's away

### REFRAIN:

Well it's hard sometimes when you're far from home  
and you feel you've lost your way  
So put your socks back on, put your toys away  
and please drag your bleeding heart home  
Poor old Captain Bleeding Heart woke up alone today  
He goes to the phone but knows she's not home  
and he wouldn't know what to say  
With an if and a but and a pain in his gut  
let her do the talking today  
So poor old Captain Bleeding Heart  
put his foot in his mouth today  
He doesn't know what, should keep his mouth shut  
he's gotta learn what to say

### REFRAIN (x2)

Poor old Captain Bleeding Heart  
feels sorry for himself today  
Well it's hard sometimes when you're alone at home  
and you feel you've lost your way  
So put your pants back home, put your bed away  
And please drag your bleeding heart home
