I Need You

3t

I need you girl
I couldn't live a day without youWell I tried to write a special song
A love song just for you
To explain the way you make me feel inside
Though the meaning may be simple
And the words may not be new
I couldn't make it clearer if I triedI need you and I couldn't live a day without you
I need you more than anyone I ever know
I need you and I wanna build my world around you
I need you, I need youWell I sing the words and realized
It had all been said before
So I tried a different rhyme and meant the same
But it didn't have the feeling
And the first one said much more
So I guess I'll have to say it once againI need you and I couldn't live a day without you
I need you more than anyone could ever know
More than anyone could ever know
Couldn't live a day without you girl
I need you and I wanna build my world around you
Baby I need you oh I need you baby
Couldn't live a day without you
More than anyone could ever know
More than anyone could ever knowI couldn't live a day without you girl
I need you and I wanna build my world around you
I need you, I need you, I need you
I want you and I couldn't live a day without you
Couldn't live a day without you
I need you, yea yea
More than anyone could ever know
More than anyone could ever know
I need you, I need you
I want you and I couldn't live a day without you
Couldn't live a day without you
I need you, yea yea, I need youWell I tried a special song
Love song just for you
I need you
