

Leave Me Sleeping

Brett Anderson

Leave me sleeping, softly breathing, summer in my head, its summer in my head

Leave me clutching lilac cushions, in playground colours with my mother

Its summer in my head, its summer in my head
So leave me dreaming, softly breathing, slowly falling, falling,
falling

It's summer in my head, its summer in my head

Summer, it's summer in my head, summer

Summer, it's summer in my head, summer
