

Hey Man (Home You Ruin)

Dinosaur Pile-Up

Hey there tiny flea
Hey how does it feel?
To live under the feet of giant
Rulers of the worldLying on a beach
With all his tiny people
Choking on the heat,
He with his last says to meYou know it's maybe a little odd
The world you live in
I'm no baby silly man
You know it's maybe a little odd
The home you ruin
I'm no baby silly man
Hey there mighty whale
Hey, how come you're here so alone?
I suppose to you my kind are
The aliensLiving far beneath
Magnificent ocean so deep
Choking on the poison
He with blades and turns to me
YeahYou know it's maybe a little odd
The world you live in
I'm no baby silly man
You know it's maybe a little odd
The home you ruin
I'm no baby silly manHey man
The home you ruin
(man)
I sit and wonder when
I sit and wonder when you'll wake upYou know it's maybe a little odd
The world you live in
I'm no baby silly man (yeah)
You know it's maybe a little odd
The home you ruin
I'm no baby silly man
(hey man)
You know it's maybe a little odd
The world you live in
(hey man)
I'm no baby silly man

(hey man)
You know it's maybe a little odd
(hey man)
The home you ruin
I'm no baby silly man
(hey man)
(hey man)
