

# Keep It Warm

## Black Sabbath

Sweet woman, are you feeling right?  
What was it that you did last night  
You made me crazy, you made me fly  
I can't forget the hungry look in your eye Ooh, what's the matter with me  
I'm just a runner, I was born free  
Since I met you I can't leave you alone  
Leaving now but I'll be coming home, I said Keep it warm red, the place by your side  
Nobody's gonna take away our, our magical ride  
Keep it warm for when we talk on the phone  
Don't forget, will you pretty one that your man  
Your man is coming home? Do you hear the rumor that's going around?  
They say I'm ruined 'cos I've settled down  
It's not true, well, maybe half and half  
You know I love you but I still like a laugh Ooh, feeling fine  
I got it right for the first time  
Sweet woman, I can't stay for long  
Everybody will be proved wrong, I said Keep it warm red, the place by your side  
Nobody's gonna take away our, our magical ride  
Keep it warm for when we talk on the phone  
Don't forget, pretty, pretty one that your man  
Your man will be home Like a gypsy, I need to roam  
Don't worry, I'll be coming home  
Need the danger, I need the thrill  
I need to know what is over each hill Ooh, I'm a different man  
Still running but you understand  
Since I met you, I can't leave you alone  
Leaving now but I'll be coming home, I said Keep it warm red, the place by your side  
Nobody's gonna take away our magical ride  
Keep it warm red, warm for your man  
Nobody's gonna take away our dreams to the plan Keep it warm red, the place by your side  
Nobody's gonna take away our magical ride  
Keep it warm for when we talk on the phone  
Don't forget, pretty, pretty one that your man  
Your man is coming home? Your man, man is coming home  
Don't forget, pretty, pretty one that your man  
Your man is coming home?  
Don't forget, pretty, pretty one  
Don't forget, pretty, pretty one  
Don't forget, pretty, pretty one
