

Last Living Souls

Gorillaz

Are we the last living souls?
Are we the last living souls?
Are we the last living souls?
Are we the last living souls? Take a gun or how you say
That's no way, to behave
You're just alone, when you begin
To sing a song that doesn't sing
It grows, you know Are we the last living souls?
Are we the last living souls?
Are we the last to get away to some another day?
Or do we know, well, we know
Does it seem to be conveyed that way? Are we the last living souls?
Are we the last living souls?
Are we the last living souls?
If you're the last living soul Get up, get up, get up
Get up, get up, get up What you say? 'Cause all I had sung
I got it down and wrong I see myself to get
The Lord, seeing all now
Can You take us in the part that coming on
The coldest man doesn't see it's all We go to the car
I see you walk to the far
And when you get there do you see
You fit the last you need on me 'Cause we are the last living souls
We are the last living souls
Yeah, we are the last living souls
We are the last living souls
