Meant

TAL

I never meant...
I never meant to. 4x

Empty promises and all the thoughts I wish has stayed inside my head.
Words never meant to be heard.
Swallowed pride that never was.
Itâ€™ll never be the way it was.
Desire has no leash.
Cannot tame this beast the way you think.
With these shallow conversations, my heart makes everything break.

For what I want, I take.
I take, Iâ€™ll take the blame for the things Iâ€™ve said.
Tell me then, could you ever forget?

I never meant to
I never meant
(I never meant to) 2x
I never meant to

I never meant
(I never meant to)
I never meant
(I never meant to)
I never meant to hurt you back
(I never meant to)
Never meant...
(I never meant to)

Oh, I take. I take whether itâ€™s mine to take or not.
And for all the times I say Iâ€™ll stop...I probably wonâ€™t.
But I hope you understand when I say this hopeless man will stay hopeful that...someday he can change.
And Iâ€™ll mean what I say, for Iâ€™ll never regret, oh.
Iâ€™ll never regret if I never again say the words.
I...never meant.

Iâ€™ll take the blame for what Iâ€™ve said.
Tell me then, could you ever forget?

I never meant to

I never meant
(I never meant to) 2x
I never meant to

I never meant
(I never meant to)
I never meant
(I never meant to)
I never meant to hurt you back
(I never meant to)
Never meant...
(I never meant to)

â€œHey, listen...um, Iâ€™m, Iâ€™m really sorry for, for what I said, uh, yesterday.
I just ne- Iâ€™m sorry...Iâ€™m sorry. I-I just apologize...â€•
