This Will Make You Love Again

IAMX

When the joys of living just leave you cold

Frozen from the failing mess you've made your own

And if you want an ending to your screenplay life

Well, here's the consolation that will change your heart and mind All the glitz M

Well, here's the consolation that will change your heart and mindAll the glitz Messiah's just pass the time

A cure for no real sickness, cross your hopes and die

Your supermarket Jesus comes with smiles and lies

Where justice he delays is always justice he denies This will make you love again

This will make you love again

This will make you love again

This will make you love again And now you save love again

To feel the rays love again

The sweet delays love again

To shoot the breezeEarly Thursday mornings wipe away the flies

The crossfire fight for action in between your thighs

Every touch is sacred when they leave the room

If I have to switch the lights off, I wanna switch them off with youThis will make you love again

This will make you love again

This will make you love again

This will make you love again And now you save love again

To feel the rays love again

The sweet delays love again

To shoot the breeze love again
