

# SWING

## Brighten

Thought youâ€™d be forever the same  
When did you become so easy to change?  
Canâ€™t like who I wonâ€™t  
No, thatâ€™s not true  
I do know  
Just canâ€™t figure out how to pin down  
There will be no unguarded kisses,  
let go of my hand when theyâ€™re around  
They say Iâ€™m unsound  
But what do they know?  
They canâ€™t figure out how to get down  
Soon enough I wonâ€™t care  
stay in my arms, if you dare  
You canâ€™t romanticize  
They are crazy  
Will only let you down  
Try to figure out how to keep you down  
Theyâ€™re all alone  
I will keep you down
