

Real Life

Atomic Kitten

Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life
Mmm bop, it's just real life Stop me if you've heard this
It's the one about the king
Who's married to the princess
That brings good use to wear his ring She's tired and she's lonely
'Cause she's sittin' there at home
He's out there with his buddies
And you know what they are doin' Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life
Mmm bop, it's just real life Stop me if you've heard this
Yeah, the one about the boy
That's wasting all his money
Buying nasty little toys He thinks the girlies love it
But this ain't no fairytale
They just want what's in his wallet
Don't pass, go, just go to jail Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life
Mmm bop, it's just real life You're never gonna change a thing
So just stop flappin'
You're never gonna do with what you cannot see Mmm bop, shake it, baby
Mmm bop, aww, go on
Mmm bop, oh baby
Now, now, now Now you don't wanna hear this
'Cause it's all about yourself
You're single and you're twenty
And you think you're on the shelf Your life fits with a mad cap
Like a dog without a bone
You're half way to a breakdown
'Cause your bodywear hasn't formed
Aww bop Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life
Mmm bop, it's just real life Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life

Mmm bop, it's just real life You're never gonna change a thing
So just stop flappin'
You're never gonna do with what you cannot see
You're 20/20 vision will not stop it happenin' The best you can do is to duck
And avoid all the flack
And just and sing it with me
Bop Mmm bop, it's real life
Mmm bop, it's just real life
Mmm bop, it's real life
Mmm bop, it's just real life Stop me if you've heard this
(Mmm bop, it's real life)
Yeah, the song about your self
(Mmm bop, it's just real life) Stop me if you've heard this
(Mmm bop, it's real life)
'Cause you think your off the shelf
(Mmm bop, it's just real life) Stop me if you've heard this
(Mmm bop, it's real life)
'Cause you think your off the shelf
