

I Got The Fire

Montrose

If you're lookin' for someone that you can keep
Well, baby pass me by.
And if you want something that's twenty years deep
Baby, don't even try.
But if you want someone to take your soul
Maybe lift you a little bit higher...
I got the fire
Just 'cause I'm skinny, don't you sell me cheap
I'm as long as a country mile.
Well some like it wide and some like it deep
And guess which one's my style!
If you think you can beat me at my own game
Well baby, I say you're a liar.
Well, I got the fire
