

Goodbye to Yesterday

Bruce Woolley & The Camera Club

All our planets used to fade and our days
they don't circulate the same opinion no more

No All the colours turned to grey

We've done a straining

Our relationship is sailing of the shore

Yeah, yeah, yeah, yeah

I'm sick of living this way

Yeah, yeah, yeah, yeah

But I know it's gonna change

No matter if it's right or wrong this time

We gotta leave the past behind

There is nothing more to say

So goodbye to yesterday

Standing at the point of no return

As the tears run down my face

No turning back

I wonder that

So goodbye to yesterday

Goodbye to yesterday

I don't know where we went wrong

But the guides we're wrong

It's just killing everything that just to be

Everyday is the same old song

No we can't go on

Covering our eyes from the reality

Yeah, yeah, yeah, yeah

I'm sick of living this way

Yeah, yeah, yeah, yeah

But I know it's gonna change

No matter if it's right or wrong this time

We gotta leave the past behind

There is nothing more to say

So goodbye to yesterday

Standing at the point of no return

As the tears run down my face

No turning back

I wonder that

So goodbye to yesterday

Goodbye to yesterday
Just say goodbye
To the days we had
Yeah, yeah, yeah, yeah
We're sayin' goodbye to the love we shared
No matter if it's right or wrong this time
We gotta leave the past behind
There is nothing more to say
So goodbye to yesterday
Standing at the point of no return
As the tears run down my face
No turning back
I wonder that
So goodbye to yesterday
