Smile

Pearl Jam

Dont it make you smile, dont it make you smile
When the sun dont shine, it dont shine at all
Dont it make you smile

Dont it make you smile, dont it make me smile, yeah
When the sun dont shine, it dont shine at all
Dont it make me smile

I miss you already, I miss you always
I miss you already, I miss you all day
This is how I feel

I miss you already, I miss you always
The crooked heart swells all around
I miss you all day

Dont it make you smile, the crooked heart swells all around
Dont it make you smile
