

# You Get Me High

## Tom Petty & The Heartbreakers

Let's have another joint on me  
Let's get as gone as we can be  
And we'll float around the ceiling  
Cause baby you get me highLet's have a six pack of beer  
Sit and watch the walls disappear  
And we'll laugh and talk for hours  
Oh baby you get me highLet's smoke a pack of cigarettes  
Hey how 'bout a menthol?  
You haven't had one of those yet  
Yeah we'll laugh, and cough for hours  
Oh baby you get me high  
Yeah baby you get me high  
Oh baby you get me high
