Breathe

Decoded Feedback

Synchronize your life with your dreams
Fantasize places you've never been
I breathe the air of my beliefs
I breathe the air of my beliefs
Sanctify yourself, and what you feel
Realize that dreams can be real
Breath the air inside
and leave the world outside
I breathe the air of my beliefs
I breathe the air of my beliefs
With the sun/With the rain
With the storm/When I'm in pain

I breathe the air of my beliefs
I breathe the air of my beliefs
I breathe the air of my beliefs
Sanctify your life with your dreams
Realize that life can't be real
Breathe the air inside
and leave the world outside
I breathe the air of my beliefs
I breathe the air of my beliefs
With the sun/With the rain
With the storm/When I'm in pain
