## **Seven Doors Hotel**

## **Europe**

Four hundred years back in this time

Seven Doors Hotel

A massacre took place and a young man died

Opened one gate to Hell

The Eibon is open

Use your eyes to read and learn

In the end it could be, it could be your turn1981 traces were found

That could not exist in one's mind

A woman could lead you, totally deceive you

Without you're knowing she's blind

The Eibon is open

Use your eyes to read and learn

In the end it could be, it could be your turnOh, oh, oh, Seven Doors Hotel

Oh, oh, oh, one of seven gates to Hell

Oh, oh, oh, Seven Doors Hotel

Oh, oh, one of seven gates to HellDo always watch out for things that you see

But don't understand

The Devil is there, always somewhere

Ready to command

The Eibon is open

Use your eyes to read and learn

In the end it could be, it could be your turnOh, oh, oh, Seven Doors Hotel

Oh, oh, oh, one of seven gates to Hell

Oh, oh, oh, Seven Doors Hotel
